Assignment 2 - Feasibility Study

Information and Schedule for TA Interview

You are given opportunities to interview each of your *four* TAs as belonging to *two categories* of stakeholders for your project. Interviews will be held during the lectures and lab. At each interview, your team will have a 10-minute slot. You will be evaluated on your interview by the TAs.

Important Notes:

- Prepare your questions in advance and arrive on time. The 10-minute limit will be enforced.
- Confirm the category of stakeholders that each TA plays through ice-breaking talks. Each TA has different information for your project.
- Use the confirmation of stakeholders that each TA plays to scope your questions for the TA.
- Do not contact the TAs outside of the interviews (in any means) with follow-up questions.
